

Design Guide

Your Local Neighbourhood Experts

We know the community because we're part of it. Your purchase is more than a way to make a living for us. It's about adding value to your home, standing behind the products we sell, making your home safer and life more convenient, and maybe, a little more beautiful.

We believe in delivering an exceptional, customized experience designed for the way you live, backed by the #1 provider of custom window coverings in North America.

We are Budget Blinds.

The Budget Blinds Approach

You can expect full service, which means your local Budget Blinds will be with you every step of the way, from consultation to measuring your windows, selecting quality products, customizing your selections, and professionally installing them. And backed by the best warranty in the business means that you just sit back and enjoy the journey to beautiful window coverings that fit your home, your style, and your budget.

What We Offer

Yes, our name is Budget Blinds, and we sell blinds, but we also sell so much more!

What began in 1992 as the dream of five young entrepreneurs, has grown into North America's #1 provider of custom window coverings. We offer blinds from vertical to faux wood, vinyl, and solid wood. Shades include roller, solar, and cellular shades, as well as popular dual sheer shades, and more. Classic shutters with modern upgrades like motorization and invisible tilt, plus energy-efficient and child-friendly composite shutters, come with the best warranty in the business! Add to all of that beautiful decorative drapery panels, full custom-designed drapery, and designer hardware options, or choose the beauty of fabric in Roman shades, custom bedding, and pillows. Pull it all together with a rug or customize your entire space with a one-of-a-kind fabric and custom-painted shutters or blinds in the perfect colour to match your home and your style.

Today, the spirit of our five entrepreneurs lives on in over 1,300 locally owned franchises that serve their communities. Every day we strive to bring you the latest and most innovative window treatments and home accents on the market, backed by the largest window covering company in North America and the best guarantee in the business.

Now, that is peace of mind. Your home. Your style.
Our expertise.

Child Safety

Your family's safety is our top priority.

Want fun, stylish, and safe window treatments? At Budget Blinds, we can do that. We have partnered with our vendors to offer the most stylish window coverings that meet stringent safety standards. Products include those certified "Best for KidsSM" by the Window Covering Safety Council. Choose from cordless or motorized blinds, shades, shutters, drapery and more!

Privacy & Light Control

Modern Design Meets Functionality

The right choice in window treatments allows you to control light and have privacy too. From adjusting your blinds to raising shades during the day or lowering blackout shades at night, Budget Blinds will customize to meet your needs. If you want the best of both options, choose Day/Night shades. Yes, at Budget Blinds you can have some light and your privacy too.

Filtering Light with Style

Custom Cotton Linen Drapery in Ivory, with Light-Filtering Privacy Liner
Drapery Hardware in Brushed Nickel
Crystal Flute Finials

The privacy benefits of a window shade with the light-filtering benefits of a soft sheer.

Whether it's to brighten your mood or lighten up your home, letting light in is good for you. How can you let light in, but have a little privacy too? Add a light-filtering lining to a shade or line a sheer drape with a lightweight lining for the perfect blend of style and function. For the best of both in filtered light and privacy, select from an array of products that provide innovative, on-trend options for your home and your style!

Energy Efficiency

Elevate Your Style & Save Energy

Our innovative energy-efficient window coverings provide effective insulation, offering your home increased protection against heat loss during the winter and heat gain during the summer. Research shows that as much as 50% of a home's heating and cooling energy can be lost through its windows. So rather than cranking up your heat or air conditioning to avoid uncomfortable temperatures inside your home, let us help with an array of window treatments that are both practical and energy-efficient, while also stylishly on-trend.

Light & Privacy Control Customized

Manage light control and your privacy with classic window treatments like blinds, verticals, and shades. Whether it's the tilt of a blind or vertical, or the adjustment of a layered shade, you can direct the light and control the view into your home. Your local design consultant will help you find the perfect combination of light and privacy control customized for your windows, your home, and your style.

Traveling the Globe

To Bring You the Best

Our Commitment to Global Sourcing

At Budget Blinds, we appreciate quality. That's why we travel the globe, carefully select each of our vendors, and back our products with the best warranty in the business. We know window coverings are an investment and you expect them to add value to your home for years to come.

Drapery & Layers

Windows twice as nice.

Layer your window treatments for twice the functionality. Enjoy the convenience of room-darkening shades combined with the beauty of drapery panels. Layering your window treatments is not only attractive but adds additional insulation to your windows.

Outdoor Living In Comfort

See the Difference Inside & Out

Make your patio the ideal outdoor oasis. Adding exterior solar shades filters harmful UV rays, and outside elements, allowing you to enjoy your patio in comfort. Add decorative drapery panels and pillows for colour, pattern, and style, making your patio a great place to relax or entertain.
